

Filtration Cores & Cages

Polymeric Cores and Cages for Support and Reinforcement

EXPO-NET Cores and Cages

EXPO-NET Rigid Filtration Cores and Cages provide structural support for fluid and air filter cartridges.

Supplied in a broad range of diameters, lengths and with a variety of open area.

Ideal for filter cartridges which are utilised for the filtration of fluid and air in applications such as – industrial, automotive, aerospace, pharmaceutical, oil, water, food and beverage.

Below please find a wide range of the diameters we supply.
